MULTI-LABEL HOLDER CART

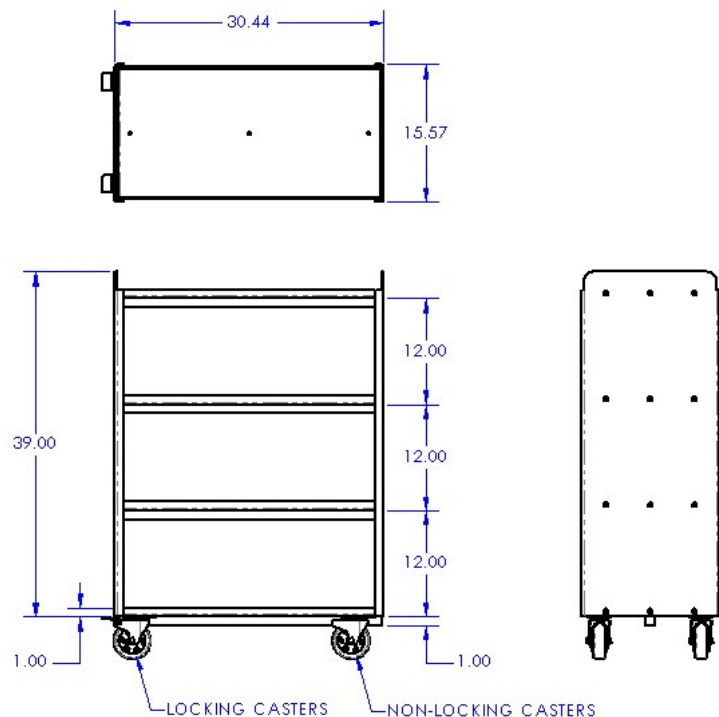

ITEM #

351016-4360

The Multi-Label Holder Cart includes 24 removable label holders. This unit is designed specifically to organize and store multiple label spools readily available for integration into the production process. The user-friendly design of the label holder makes each removable unit transferable to a specific workstation. Once complete, the units are returned assuring a clutter free workspace while maintaining a high degree of organization. In addition, containing the location of the labels assists in assuring a high degree of inventory control.

Please note that each Cart includes 24 individual label holders. Individual label holders may be purchased separately.
