- Durable lightweight plastic construction
- Thick nickel-plated 24 2/5"L wire
- Ball end wire attachment mechanism distributes force more evenly
- Free spinning design prevents crimping
- Slip-resistant suction cup rubber feet (set of 4 included)

The Boska Replacement Wires for Commander Pro Cheese Slicer have an improved thicker, nickel-plated construction. They are made for use with the Commander Pro Cheese Slicer. The replacement wires are sold in a package of 6. However, this product works best when you already have a cheese slicer. At Hubert, you can find stainless-steel cheese slicers that feature a sturdy base that will stand up to the tough conditions of a commercial setting. They feature a specially-designed ergonomic handle that unscrews easily for quick wire replacement. We are more than happy to answer any queries that you may have using our live chat feature on our website. We cater to your needs so your business goals will surely be met. We ship in the contiguous United States so wherever you are, we aim to serve.

An efficient commercial kitchen is one that is fully equipped with the right food prep smallwares. Providing your kitchen staff with easy access to an array of tools and utensils lets them work more efficiently to fulfill a multitude of orders in very little time. To that end, if you feel the need for a cheese slicer, you have come to the right place as the Boska Holland White Plastic Commander Pro Cheese Slicer is sure to do the trick.

This is the perfect cheese slicer most cuts of cheese from very soft to hard (should not be used on very hard cheese like Parmigiano Reggiano). It is made from ABS plastic, making it extremely durable, strong and dishwasher safe. The curved front design helps prevent damage if dropped. The cheese cutter has an improved guidance mechanism that evenly distributes the force on the wire to reduce the chances of

breakage and increase the ease of cutting in one smooth movement. Plus, the free-spinning design prevents crimping. The cheese cutter includes slip-resistant suction cups that can easily be changed out to rubber feet, which are also included. Do check out Hubert for other cheese slicers.
