

## Hazardous Waste Rack Setup and Supplies Guide

Every store should have a hazardous waste containment area setup. The containment area is required to include; plastic totes/containers, hazardous waste labels, rack signage, limited quantity stickers, etc. Provided below is a guide to order supplies and an example of how the hazardous waste rack should be setup.

### **Supplies:**

- Wire Rack – Order through Leggett & Platt via your Facilities Dept.
  - 24 x 48 p/n 45765 – recommended for stores 60,000 sq ft or larger
  - 24 x 36 p/n 45764 – recommended for stores smaller than 60,000 sq ft
- Totes – Order through Peyton Warehouse
  - PLN 181016
  - At least 6 totes are required. Additional totes are recommended for overflow.
- Limited Quantity Labels – available through Peyton Warehouse or Coupa
