GEL ICING ORGANIZER

ITEM #

911021-0000

The Gel Icing Organizer is designed specifically to organize Gel Icing Bottle for Cake Decoration in a bakery environment. This modular unit is designed to be stackable with drawers that pull out for convenient accessibility of product. By storing Gel Icing Bottles in a convenient and organized manner, stores can expect controlled inventory management and improved visibility and accessibility of product thereby freeing up valuable workspace and storage. The Gel Icing Organizer is constructed with High Impact ABS assuring durability in a fast paced work environment.
