CAKE DECO CABINET

ITEM #

911023-0000

The Cake Deco Cabinet is a universal fixture designed to organize cake decorations (Picks and Rings). This concept allows for table top, wall mount, rolling cart, and shelf storage of small integral components of cake decoration. The Cake Deco Cabinet is built as a modular unit, capable of affixing to other units with a quick release latch system. Furthermore, with the ability to affix onto a rolling cart (Sold Separately), the Cake Deco Cabinet guarantees mobility within a workspace. Removable drawers assure versatility as seasonal products are easily exchanged. This unit is constructed of High Impact ABS and Clear Polycarbonate assuring durability and longevity.
