TABLE TOP LABEL HOLDER

ITEM #

950088-4350

The Table Top Label Holder is functionally designed as a modular component of the Label Holder cart. Each Table Top Label Holder can be removed from the "Mother" cart and carried to a specific workstation for daily use. The compact design of the Table Top Label Holder condenses workspace and assures organizational continuity in the work process. At the completion of a shift the unit is returned to the "Mother" cart assuring workspace organization and inventory control.
